Statement of Environmental Policy

Protection of our environment is an important part of delivering cost-wise readiness to the Warfighter. We are committed to:

- Preventing pollution
- Using industrial processes that minimize the impact to the environment
- Following all applicable environmental laws, regulations, permit, and other requirements
- Continual improvement of our environment using the ISO 14001 model

It is the responsibility of each member of the NADEP North Island Team to:

- Use the pollution controls provided
- Reduce the use of natural resources
- Limit the use of hazardous material as much as possible

If you have additional techniques that could improve the environment, contact the Environmental Program Office. If you come across a situation that could harm the environment, follow the established procedures. This policy shall be communicated to all employees, customers and stakeholders.

A handwritten signature in black ink, appearing to read 'Fred E. Cleveland'.

FRED E. CLEVELAND
Captain, U.S. Navy
Commanding Officer
